

Subsidence

Whether a subsidence claim requires a traditional or project managed approach, Vericclaim has the specialist skills to deliver a swift, co-ordinated and expert response.

The geographical distribution throughout the UK of our experienced and qualified team of Adjusters, Surveyors and Engineers ensures every incident is managed effectively and efficiently.

Investigations are undertaken quickly and repair and mitigation programmes agreed with the customer with a minimum of fuss and delay.

What we offer

We have a UK wide team of specialist chartered Surveyors, chartered Adjusters and Engineers who understand the complexities of subsidence claims and are familiar with the prevailing ground conditions around the UK.

Our team handles both domestic and commercial subsidence claims and is experienced at managing the different dynamics and sensitivities which are features of both classes of business.

We offer standard and bespoke subsidence services which include:

- Insurance and engineering advice
- Defects and cause analysis
- Mitigation measures
- Site investigations
- Monitoring
- Specification of repair schemes
- Approved contractors where required
- Project management, including tendering and contract administration
- Proactive approach to recovery and contribution activity
- Risk assessment surveys.

“ I appreciate the professional manner in which you have handled this complicated issue, your availability and fair-handed treatment of both sides, and your advice that led to a successful completion. The workmanship has been excellent at every level. ”
Homeowner

Key benefits of our approach

- All claims are handled by an experienced, qualified professional offering a single point of contact from start to finish
- An emphasis on thorough cause analysis and mitigation measures
- Avoidance of unnecessarily intrusive remedial works which reduces business Interruption exposure on commercial claims and alternative accommodation costs on domestic claims.
- Customers are kept closely informed of all developments so “no nasty surprises”
- Early identification of policy liability and recovery opportunities
- Management and control of costs
- Reduced claim life spans

“ I’ve been very impressed with your efficiency, total professionalism and attention to detail. You have made a very stressful situation easier to deal with for which I am extremely grateful. ”
Homeowner
